# EXPRESS YOURSELF!

Show the world what you've got!

We have a test today?

Swoosh!

Hey! Look down here!

# TIME TO BE ME

Hi Mom, hi Dad, everything's fine here.

How 'bout a new angle on things?

There's nothing like getting some sun  
while you work.

We love each other, what more can  
we say?

How long before the boat comes?

What a face!

I think it needs more blue, don't  
you?

Welcome to "Hats are Us."

Where's the nearest circus?

The tall and the short of it.

I think the Loch Ness Monster was seen  
somewhere around here.

Florida Southern brings us together from far away places. We learn to live together and to laugh together. Whether we stroll across Ordway Field to the Roger's Building or from Polk Science to Branscomb, Florida Southern fills our days with fun. We work toward our dreams and goals here so that we can strive for excellence.

Florida Southern stands for both tradition and knowledge. Standards are set for us to meet in all fields. As we continue to collect and interpret our experiences, we prepare ourselves for the future ahead. In preparing for our lives, we also explore the many opportunities open to us everyday. Florida Southern provides the forum for our explorations and our discoveries.

We will always remember the past, but our eyes look toward the future.

# LIVE IT UP

## Life's too short

You're next!

Sun god lives!

The two faces of Bill.

And if I wiggle my fingers this way...

Don't worry. Be happy?

I might not pass the test, but I'll have a  
great tan.

Sowing the seeds of love.

Friends, fun, laughter, tears, love, stress and pride. Florida Southern is all these things and more to each of us. In our own ways, we collect and remember each special moment. As we spend our years here we feel lost in time but we know the future is just ahead. Life holds all kinds of mysteries, yet for now, we feel safe from the realities it will bring. New insights meet us every day. As we grow in knowledge, spirit, and courage we become more and more like the adults we hoped we'd be. When the time comes to move on, we will gladly choose our paths and know that we've made the right decisions. Florida Southern gives us this opportunity for life.

# INDIVIDUALITY

**Walk to the beat of a  
different drummer**

**Blinded by the light.**

**Did she bring the kitchen sink?**

I came to college for this?

Move just a little more to the left.

Future Van Gogh?

I'm practicing for the Olympic gymnastics team.

At Florida Southern College, we have a special mix of students - a matchless blend of personalities, talent, intellect, and unique attributes. We each gain the same quality of education here yet what we choose to do with it will determine what unique inherent quality it will have. Throughout the rest of our lives we will stand out as representatives of Florida Southern and of our individual backgrounds and these things are unique in themselves.

# UNIQUENESS

**Show your true colors**

**Every little bit of sleep counts.**

**Famous Japanese art form.**

**Time passes so slowly.**

# BE YOURSELF

Cover Girl.

Contemplation.

Give me all your money!

I hope that swimmer moves in time!

We can share.

You're too heavy!

What's that thing on your shirt?!

Cleans even the dirtiest of grass.

Hey! What do you think you're doing?

The things I put up with.

This button won't stay on!

The Interlachen is an expression of the impression received from the students of Florida Southern College as we lived, learned, laughed, played, and cried. In other words, as we expressed ourselves through many mediums- essays, journals, art, music, photography, dance, athletics- our every motion was an expression of our hopes, dreams, and fears. We hope that as you grow and change, you will remember these expressions captured in 1989-90 with warmth and joy. They are meant to be treasured, remembered and shared.

# FLORIDA SOUTHERN COLLEGE

**A special blend of contrasts!**

Snooze time!

Honey, I'm hooome!

I just can't do this!

Was it up last time or down?

My hand's stuck!

I just know I'm going to fail.

You're kidding, right?

# Student Life

## A time for fun, sun, and academics

Weekend entertainment, campus organizations, and exercise make for the right combination of student life.

From beaches to movies to nightclubs in Tampa and Orlando, students are always searching for excitement. Exercise is the latest craze, as shown by all the students walking Lake Hollingsworth at all hours of the day and night.

Whether it be Clearwater, Cocoa, or Daytona- friends, sun, and warm weather make for a day at the beach. While seafaring Mocs lay under the sun, they catch up on the latest gossip and reacquaint themselves with friends.

FSC students spend much time viewing movies. AMC and Mugs and Movies are two of the most frequented theaters. However, with the rising prices of movie tickets, many students find themselves renting flicks. Some of the popular picks this season were: Dead Poet's Society, Batman, Look Who's Talking, Parenthood, Dangerous Liaisons, and Dad.

Nightclubs provide students with a place they can go to dance and have a good time with friends. XYZ, Kokomo's,

Great friends and good times go together. Tiffany Strauch, Jennifer Simpson, Jill Dittus, and Amy Williams get ready to go out.

Terri Blanchard studies hard for her test.

Masquerade, Rosie O'Grady's, Pleasure Island, the Baja Beach Club, Oz, and Jannus Landing are some of the Southern "hot" spots.

The many organizations at FSC provide students a place to make friends and get involved with the campus community. Many organizations collected canned foods and raised money to help with the San Francisco earthquake and the South Carolina hurricane relief programs. Campus organizations contribute to the overall success of the college.

College is a time to participate in many once in a life time experiences. It is a time to study hard, yet is also a time to enjoy yourself.

Seniors Melissa Salisbury and Greg Patterson's futures are so bright they gotta wear shades.

Academics at Florida Southern College seem to dominate the lives of every student. Each one of us has the opportunity to fulfill the dreams we have held for a lifetime. And we don't go it alone. Within every department are professors who teach, not only the subject, but excellence in everything we do. We learn more than English, Math, or Psychology. We learn about life, teamwork, and ourselves. The years we spend at FSC studying and learning will lay the groundwork for every thing we will do from now on. We can be sure that the education we receive at Florida Southern College will lead us on to success.

# Greeks

Greek organizations are one way to become active at FSC. The Greeks support the college and the community, as well as their chosen philanthropy. Tracy Crawford, a Zeta Tau Alpha sister, said, "Involvement in a greek organization gives you responsibility, leadership qualities, support, and friendships that will last a lifetime." Approximately 40% of all FSC students are active in the greek system. The general concensus is that fraternities and sororities give its members the feeling of an extended family. Catch that GREEK SENSATION and join our family!

## WE CAME TO SOUTHERN WITH DREAMS. WE LEAVE WITH REALITIES.

The four years here were long and full of the unexpected. The friends made and the lessons learned will last a lifetime. It wasn't always easy, but it was worth every minute of effort. Whether good or bad, we will remember Southern and its tradition of excellence. We came with many dreams. Some became reality-- others remained unfulfilled. What really matters was not that every dream came true, but that we did our best. The satisfaction was in the doing.

Jill Finnerty, a multi-faceted Communications major from Zephyrhills, Florida, feels that she has accomplished a lot at F.S.C.

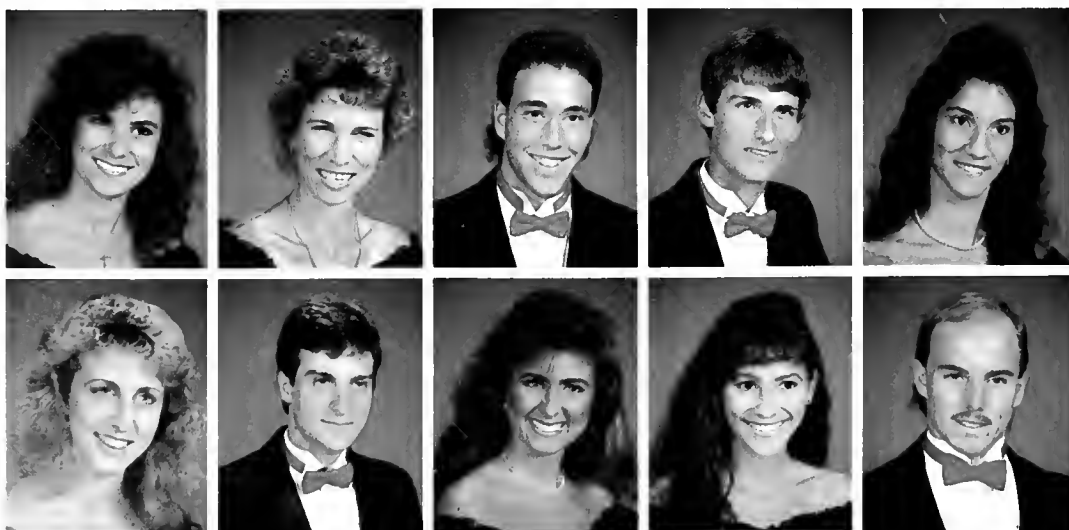

As Interlachen Editor for two years, a Junior Advisor, Phi Mu Alpha Sinfonia Sweetheart, ODK, Who's Who, Lambda Chi Alpha Little Sister, and a member of Zeta Tau Alpha, Jill has little time to call her own. In her spare time, however, she is a rape crisis counselor, loves scuba diving and snow skiing, and is an accomplished singer, performing with the Concert Chorale.

Jill plans a career in radio after graduation and feels that while at F.S.C. she has learned what direction her life is taking and who she is. In her own words, "I've learned more about myself than anything else. And, that setting goals and working hard to achieve them brings great satisfaction...more than having things just given to me."

Kelly Hicks, a Criminology/Sociology double major from Cranston, Rhode Island, is one of the more active Students at F.S.C.

Kelly throws herself into everything she does, living up to her motto: "Live each day to the fullest, because there may not be a tomorrow." She served as president of Panhellenic, vice-president of Zeta Tau Alpha, a Junior Advisor, and was honored with Who's Who.

Attributing her involvement to the fact that she is a "people person," Kelly feels that while at F.S.C. she has "learned what the true meaning of the word friendship is, through my sisters in Zeta Tau Alpha."

After getting married in August, she plans to work as a state probation officer and eventually continue on to law school.

The first day of her freshman year she didn't know anyone. But, when she got out of a taxi, four guys helped her carry her luggage to her room...and this outstanding senior knew that Florida Southern "was going to feel like home."

## When God closes a door. . . He always opens a window.

This year has brought us closer together. And, in the end, the people you meet and the friends you make are really the only things that count in life. The purpose behind some of the experiences we've had weren't always clear, but looking back we will try to learn from them. After a while we will learn to accept our defeats and victories with the maturity of adults. We will learn to build our roads on today

because sometimes tomorrow's ground is too uncertain. Never turn away from an opportunity. Life's path will not always be easy to follow, but each hurdle can be overcome if we have the desire to succeed. After a while we will learn that we really can endure. We really are strong. We really do have worth. We'll learn and learn...with every goodbye we'll learn.

Relax today!  
For tomorrow I work.

We learned. . .  
and we made friends.

The atmosphere was creative.  
Our imagination was stimulated.

Ours is a new perspective...  
our outlook is positive.

We see things differently...  
and are changed

Look out world!!  
Here I come.

Here I sit...  
contemplating my future.

Row faster,  
PLEASE!

Robert C. Mallon is an Elementary Education major from North Port, Florida.

His most outstanding experiences on campus range from running down the hill on "Bid Day," to just sitting with a friend and lending an ear. He says, "I have a natural knack to listen and provide confidence to people who need it. These experiences are the ones that are unforgettable."

Rob was involved in the Association of Male Students, Student Union Board, Kappa Alpha and serves as the president of the senior class in conjunction with the Student Government Association. He was also chosen to be in Who's Who Among Students.

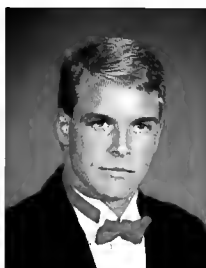

After graduation he plans to travel and to resume his work at Gwynn Valley, a summer camp for young children. He also hopes to teach elementary school and, later, to teach the learning disabled.

Rob credits his achievements to the philosophy, "Live today and accomplish as much as you can, for tomorrow never comes."

Shannon McWilliams, an Accounting major from the Florida state capital, has been involved in all aspects of life at F.S.C.

Of all the things he's learned at Florida Southern, Shannon feels that most important is the necessity of "meeting people, forming friendships...and [learning] what it means to grow up and take on responsibilities."

Shannon has certainly taken on many responsibilities at Florida Southern. He has served as treasurer of Lambda Chi Alpha, vice-president of Omicron Delta Kappa, chief justice of the Student Judicial Review Board, vice-president of the Association of Future Accountants, and was a Resident Advisor for three years.

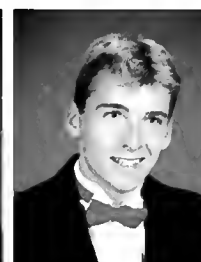

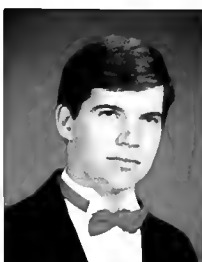

In addition to his many activities, Shannon received several awards at F.S.C. Among them were Who's Who Among Students, Outstanding GPA (Lambda Chi), the Renee Turberville Accounting Scholarship, and first runner-up Mr. Interlachen.

Shannon intends to return to Tallahassee and work in Public Accounting. After his marriage on August 4, he plans to attend law school at Florida State.

**Kimberly P. Yang**

Kimberly Yang, a Lakeland native, is a Broadcast Communications major.

Kim feels that at F.S.C. she has learned "how to be independent and able to accomplish things on my own. Through the S.G.A., I have been able to use leadership skills I didn't think I had."

Kim has used many leadership skills outside of her term as President of the Student Government Association. Kim has served her sorority, Kappa Delta, as secretary, editor, Panhellenic representative, and Pledge Class vice president. She is also a member of Order of Omega, Omicron Delta Kappa, and a Lambda Chi Alpha Little Sister.

Kim enjoys scuba diving and spending time with her friends. She hopes to work someday for a major network as a television broadcaster. Her ultimate goal is to host her own talk show.

Kim feels that her most outstanding experience at F.S.C. has been her sisterhood in Kappa Delta. She said that all through high school she never found a special group to belong to, but that, "I was being prepared to be a part of the special bond that the sisters of Kappa Delta share."

## WE'RE ON OUR WAY TO SUCCESS.

The class of 1991--we've come so far and are just beginning to see the light at the end of the tunnel. Graduation is but a year away and already we can sense success. Our experiences at Florida Southern have taught us much... yet we know there's much more to learn before we hear "Pomp and Circumstance." Until then we'll continue to live life to the fullest. We have to get all we can out of our college years. After all, it's almost over and we're on our way to success!

## What a long way to go!

It is the time to think and believe in the future while the fun still lives. Your dreams of that final year run wild...graduation...life away from school. But it is also a frightening time. You feel that reality will soon have you in its grasp. You've made it through three years of hard work, and wonderful friendships--but there is more to come. We have finished our hardest year, but the motivation cannot stop. We must continue to excel beyond all measure in order to find our ultimate dream. The dream of a wonderful career is in our hands. We must work hard in our final year to secure that dream. It may seem like a lifetime of school ahead of us, but remember a lifetime still remains in the years after we graduate. We must make the most of our final year. We've come this far...it's too late to turn back now!

## FRESHMEN NO MORE!

Whew! We can breathe a sigh of relief--the freshman year is over!! Although not upperclassmen, sophomores have a peace of mind knowing that the changes, heartaches and difficulties of the first college year are over. We know, however, that many more challenges lie ahead--but we also know we can make it. The goal is in sight and the willingness to succeed is within us. As we move closer and closer to seeing our dreams become reality we realize that our futures are in our hands. We've made it this far. We know we'll succeed. We're freshmen no more!

Good friends stick together.

Life is nothing without challenges.

## Never Stop Reaching

Florida Southern challenges us each and every day. As students here we have learned to meet these challenges head on. Though some days may be harder than others, we have overcome the obstacles and pressures. F.S.C. isn't all hard work. It's also a place to find new friends, and to gain new experiences to file away for the future. After our years at F.S.C. these experiences will remain. Some will even determine whether we will succeed in life. As we grow...and change...and learn who we are...we also learn how to express ourselves. As this is accomplished, we will find that there is no limit to the goals we can meet and the obstacles we can overcome.

Have a Coke and a Smile!

Should we open it?!...Naaah!

Drink chug-a-lug, drink chug-a-lug, don't leave it in  
the mug chug-a-lug!!

How many more weeks until Christmas?

Photo obviously taken on a Friday. (Notice the smile!)

# Freshmen Class

## YOU ARE NOW ENTERING THE COLLEGE ZONE.

The freshman year--a year of excitement, of changes, of confusion, and of fun! As freshmen, we learn so much. We learn organizational skills. We learn about new ideas and concepts. We learn about people. We learn about ourselves. As we grow and change in this first year, we discover many new things about ourselves, our attitudes, hopes and dreams. Some of the change is scary, but a lot of it is challenging and fun. As we enter the college zone we begin to find out what our lives will soon become, and discover a new world of opportunities and challenges seldom found elsewhere.

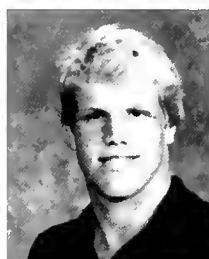

Just say cheese.

Focus on the future.

Only three more years to go!

## Where will it all end?

The most cherished memories that are made in college are usually filled with recollections of good times with good friends. When we graduate from high school and begin our college careers, we are afraid of making changes, growing up and losing friends. But as we grow and change and learn, we realize that we haven't lost anything or anyone. We still have our old friends--they're with us in our minds and in our hearts. We're reminded of them daily through pictures and letters. And they feel especially close when the phone rings at 1:00 a.m. and you are surprised to hear,

"Hey! This is Liz--I miss you so much!"

Our new friends in college are often the one's we'll treasure throughout our lives. Sharing new experiences, dreams, goals and fears brings us closer together. Many of us form special bonds through brotherhood and sisterhood in Greek organizations. No matter how we make our friends, though--through clubs, classes, the dorm, athletics or just meeting in the caf--we know that we'll keep these friends, both new and old, for one is surely silver and the other gold.

Gee, your hair smells terrific!

If you listen closely, you can hear the ocean.

Sisters forever!

Here's to good friends.

Friendships that last a lifetime.

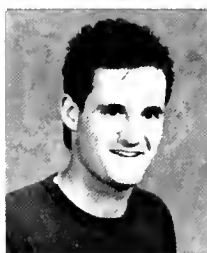

This is my brother Darryl and my other brother Darryl.

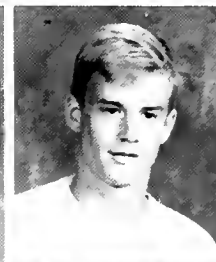

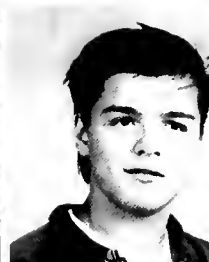

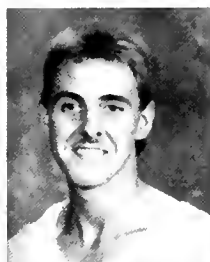

We came. We saw. We conquered.
